The procedure to print documents in eScribe is changing to prevent problems that occur when documents are zoomed in the browser. The new procedure is described below for each browser type.

Since printing now requires that “popups” (small web browser windows that appear on top of the website being viewed) are allowed in the browser, instructions for allowing popups are also included in this document.

Printing from Mozilla Firefox

1. Click a Printer icon to open the Print window.

   Note: If the browser displays a popup/printing alert instead of the Print Display, skip to “Allowing Popups in Mozilla Firefox” below and then return to this procedure.

2. Click the Print button to print the document.

Allowing Popups in Mozilla Firefox

The Printing Blocked dialog box (Figure 1) opens when Mozilla Firefox is set to block popups. Popups must be allowed to print from eScribe. Perform this procedure to allow popups.

1. Click the Preferences button at the right of the yellow alert bar (Figure 2).

2. Click “Allow pop-ups…” in the Preferences choice list.

3. Click Popups Allowed – Try Again on the Printing Blocked Dialog Box (Figure 1).

You can now continue the printing procedure.
Printing from Google Chrome

1. Click a Printer icon to open the print display (Figure 1).

Note: If the browser displays a popup/printing alert instead of the Print Display, skip to "Allowing Popups in Google Chrome" below and then return to this procedure.

2. Click the Print button on the print display (Figure 1) to open the Print window (Figure 2).

3. Click the Print button to print the document.
Note: This new print window allows you to select:
- destination printer
- pages to print
- number of copies
- layout
- color/b&w
- whether to print headers and footers

4. Click the X in the upper corner (Figure 3) to close the print display and return to eScribe.
Allowing Popups in Google Chrome

The Printing Blocked dialog box (Figure 1) opens when Google Chrome is set to block popups. Popups must be allowed to print from eScribe. Perform this procedure to allow popups.

1. Click the “blocked popups” icon on the right side of the url line at the top of the browser window. This opens the popup dialog box (Figure 2).

2. Select “Always allow pop-ups from …” to allow printing.

3. Click Done.

4. Click Popups Allowed – Try Again on the Printing Blocked Dialog Box (Figure 1).
   You can now continue the printing procedure.
