Printing in eScribe

The procedure to print documents in eScribe is changing to prevent problems that occur when documents are zoomed in the browser. The new procedure is described below for each browser type.

Since printing now requires that "popups" (small web browser windows that appear on top of the website being viewed) are allowed in the browser, instructions for allowing popups are also included in this document.

Printing from Mozilla Firefox

Allowing Popups in Mozilla Firefox

The Printing Blocked dialog box (Figure 1) opens when Mozilla Firefox is set to block popups. Popups must be allowed to print from eScribe. Perform this procedure to allow popups.	 Printing Blocked The printing popup was blocked by your browser. Please set your browser to allow popups from eScribe. Once popups are allowed you may try printing again.
	Figure 1: Printing Blocked Dialog Box
1. Click the Preferences button at the right of the yellow alert bar (Figure 2).	Coogle Coogle
	Figure 2: Yellow Alert Bar
 Click "Allow pop-ups" in the Preferences choice list. Click Popups Allowed – Try Again on the Printing Blocked Dialog Box (Figure 1). 	Preferences × Allow pop-ups for datadict.escribe.com Edit Pop-up Blocker Preferences Don't show this message when pop-ups are blocked
	Figure 3: Preferences Choice List
You can now continue the printing procedure.	

Printing from Google Chrome

1. Click a Printer icon is to open the print display (Figure 1).

Note: If the browser displays a popup/printing alert instead of the Print Display, skip to "Allowing Popups in Google Chrome" below and then return to this procedure.

2. Click the Print button on the print display (Figure 1) to open the Print window (Figure 2).

3.
