

You're invited to the 3rd

Linux Lounge

*“Creating Real Value with Open Source
and Open Standards”*

Where: Browns Brewing Co., Downtown Troy

When: Thursday, October 20th

Meet & Mingle 3:00pm

Peter Bowen 3:30pm

Senior Engineer Novell Linux Impact Team (formerly with Ximian)

“Bringing Open-Source and Open Standards into the Enterprise”

Discussion will touch on Linux based file services, print services, and other enterprise management strategies. Peter will illustrate how a Windows world can leverage Linux today! You can't afford to miss this!

Andy Cedilnik 4:00pm

Senior Software Engineer Kitware, Inc.

“Example of Cutting Edge Software to Improve Quality of Life”

Discussion will be about Kitware's open source software which is utilized by the biggest names in research, including Los Alamos National Laboratory, National Institute of Health, and NASA. Andy will tell us how open source and open standards are key to the company's success.

Question the Experts 4:30pm
